

**OUTLINE Lecture 27. Sociology 621 April 27, 2017**  
**Strategic Logics of Transformation: Ruptural, Interstitial, Symbiotic**

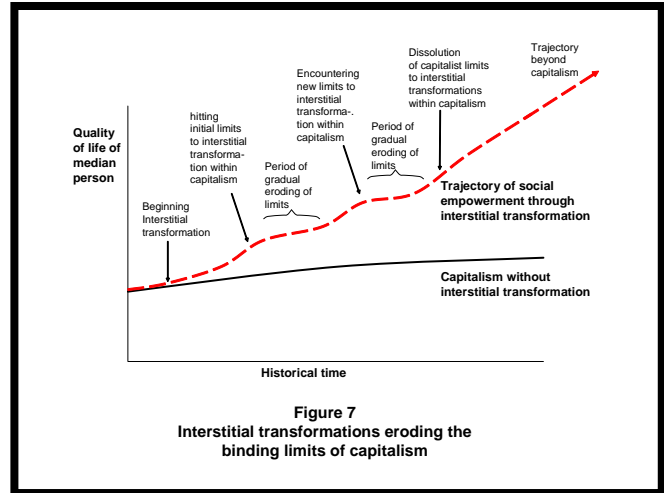

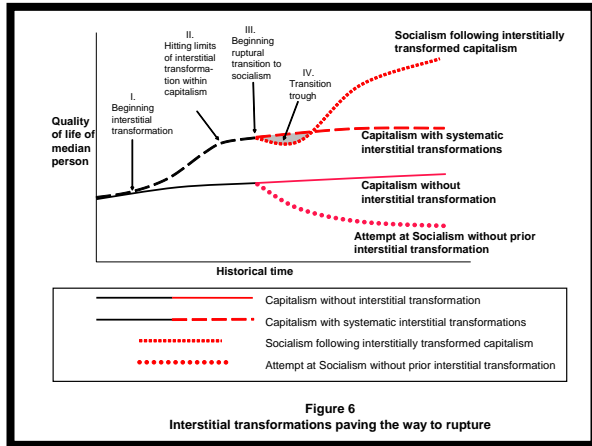

Vision of trajectory of systemic transformations beyond capitalism	Strategic logic with respect to the state	Strategic logic with respect to the capitalist class	Metaphors of success	Political Tradition most closely associated with logic of transformation
<i>Ruptural</i>	Attack the state	Confront the bourgeoisie	War (victories and defeats)	Revolutionary socialist/communist
<i>Interstitial metamorphosis</i>	Build alternatives outside of the state	Ignore the bourgeoisie	Ecological competition	Anarchist
<i>Symbiotic metamorphosis</i>	Use the state: struggle on the terrain of the state	Collaborate with the bourgeoisie	Evolutionary adaptations	Social democratic

**II. Models of the Three Transformative logics**

**Ruptural transformation**

**Interstitial transformation**

**Symbiotic transformation**
